Item V
COMMUNITY CORRECTIONS PARTNERSHIP (CCP)
REALIGNMENT WORKGROUP

WORK PLAN FOR FISCAL YEAR 2021/22 REALIGNMENT BUDGET & PLAN
Presentations are to include data, outcome information, any anticipated modifications, and budget information.

September 23, 2020
- Realignment Goals and Objectives review
- PRCS and PSS Population Review and Projections
- Community Prioritization Input
- CCP Workgroup Members Prioritization Discussion

October 14, 2020: Santa Barbara County Sheriff’s Office (SBSO) & Probation (Prob)
- Compliance Response Team – SBSO & Prob
- Supportive Housing – Prob & HCD
- Alternative Sentencing – SBSO
- AB 109 Jail Population trends - SBSO

November 18, 2020: Probation, Public Defender (PD), SBSO, DBW
- Pretrial Services – Prob
- Holistic Defense - PD
- Treatment & Psychiatric Services – Prob, DBW
- Sheriff’s Treatment Program – SBSO

December 16, 2020: District Attorney (DA), Public Defender, Courts
- Prop 47 wrap up data – DA, PD, Courts
- Collaborative Courts – DA
- Victim Services – DA
- Neighborhood Court - DA

January 6, 2021 and January 20, 2021: All
- Allocation Plan – All

February 5, 2021: CCP

February 24, 2021: All
- Initial FY 21/20 Realignment Plan review

March 24, 2021: All
- Final Review of FY 21/22 Realignment Plan and all Narratives – All

April 2, 2021: CCP

April 21, 2021 and May 26, 2021: TBD

June 4, 2021: CCP
Item VI
In December of 2012, two Compliance Response Teams were formed in a collaborative effort between the Santa Barbara Probation Department and the Santa Barbara Sheriff’s Office. The original geographic teams were designed with one Senior Deputy Probation Officer each partnered with a Sheriff’s Deputy. In July of 2014, a Sergeant was added to coordinate field operations, provide close operational oversight and improve overall safety of team activities, which includes ongoing training and evaluation.

The CRT teams balance their efforts between compliance checks, which include offender support and the apprehension of wanted offenders. Compliance checks include random home visits, checking on the welfare of individuals, tracking offenders to locations using Global Positioning Satellite (GPS), conducting residence and/or pat down searches, and other duties in the field as necessary. Due to their mobility and ability for quick deployment, CRT spends a majority of their day in the community contacting offenders or responding to the needs of assigned case officers.

When offenders have violated their terms and conditions or have failed to report to the assigned case officer, CRT uses available resources to locate the offender and attempt to gain compliance or arrest for outstanding warrants or potential new charges. In addition, the CRT teams support local law enforcement in incidents involving the Realigned population and are deployed as needed on a countywide basis. The CRT teams have successfully participated in operations that have removed narcotics and firearms from the community and apprehended offenders with active warrants.

Recently CRT and the CRT management team have been working to align the team’s mission and goals, more closely with those of the CCP. CRT is rebranding/retooling the unit to assist the realignment population with the changing landscape of today’s goals, of lowering inmate populations at the state and local levels. They are all actively involved in moving forward to better assist the realigned population. A few of the ideas and concepts will include but are not limited to the following:
• Providing assistance and resources to the realigned population whenever possible and only using arrest or citation as a last resort. This is being done on a daily basis and CRT is working diligently to keep the proper balance between assisting the realigned population and looking out for the public’s safety.

• The implementation of reentry sheets, to find the realigned population recently released from incarceration before they go to warrant. This will allow the realigned population to avoid being arrested and provide them with the resources needed for a smoother transition into the general population. This will bring balance to the warrant/reentry system and assist those in need before they go to warrant and are re-incarcerated.

• Changing the name of the unit to better reflect the mission and our seriousness in truly rebranding the CRT units as a more compassionate and resource/assistance first operation.

The above changes, along with the teams longstanding commitment to public safety and realigned population support, are an indicator of where we are now. CRT will continue their mission and continue to progress as a unit, in assisting our realigned population. They will continue to strive to meet the expectations, goals, and core values of the CCP, while ensuring public safety and assistance/support for the realigned population. Due to COVID, new jail release standards, and the climate of today’s society, CRT will continue to progress and strive to adapt as we move forward as a unit.

**Regional Realignment Response Fund**

Guadalupe Police Department (GPD) is budgeted $5,000 to support operations on an overtime basis to respond to incidents related to the Realigned population of justice-involved individuals and to participate in multi-agency operations to conduct warrant apprehensions or other operations as coordinated by the CRTs. As the smallest police department, it was determined that GPD required this funding to continue their activities under Realignment.

</tbody>
</table>

* The SBSO CRT personnel actual was lower than the estimated cost due to personnel responding to Statewide civil unrest, assisting other SBSO Bureaus when they were without their DPO partners due to COVID, and collateral duty trainings, all of which would not be coded to CRT.

*The mission of CRT is to provide additional support to ensure offender accountability, surveillance and supervision through collaborative mobile and intensive practices, and swift warrant apprehension, leading to improved public safety and offender compliance.*

Average Daily Population 2019/2020

2019 Average Daily Population (Main Jail)
- Male: 789
- Female: 150

2019 Average Daily Population (ASB)
- Male: 59
- Female: 21

2020 Average Daily Population (Main Jail)
- Male: 619
- Female: 71

2020 Average Daily Population (ASB)
- Male: 99
- Female: 10
Project Overview

• Two year pilot project
• Began May 1, 2019
• $800,000 for a Supportive Transitional Housing / Rapid Re-Housing Project (one time funds)
• .5 FTE Housing Program Specialist ($45,000-50,000 annual salary) for Housing and Community Development
Program Providers

The funding allocated includes twenty-eight beds countywide.

Good Samaritan Shelter
  • Santa Maria (12) and Lompoc (4)
  • 16 available beds

The Santa Barbara Salvation Army Hospitality House
  • Santa Barbara
  • 12 available beds
Population

• The target populations include individuals at medium to high-risk with identified vulnerabilities.

• Areas of vulnerability include:
  • Mild to moderate mental health challenges;
  • Substance abuse challenges;
  • Re-entry after lengthy incarceration and no natural supports available for housing assistance.
Program Requirements

- Referrals from Santa Barbara County Probation Department
- Housing Focused
- Case Management and Supportive Services provided
- Evidence Based Interventions
- Participant Progress Tracking and Reporting (including services) in HMIS
Supportive Services

• Identify and resolve barriers to obtaining and maintaining housing;
• Connect participants to appropriate support and services available in the community that foster long-term housing stability;
• Use a standard assessment to determine type, duration, and amount of assistance offered and identify that availability of other resources or support systems to resolve housing challenges; and
• Foster self sufficiency for independent living.
# Examples of Supportive Services:

<table>
<thead>
<tr>
<th>Case Management</th>
<th>Employment and Education Services</th>
</tr>
</thead>
<tbody>
<tr>
<td>Recovery Support</td>
<td>Life Skills Training</td>
</tr>
<tr>
<td>NA/AA</td>
<td>Housing Navigation</td>
</tr>
<tr>
<td>Transportation</td>
<td>Housing Stabilization</td>
</tr>
</tbody>
</table>
Case Management

• Case manager develops an individualized service plan (ISP) with the participant. The ISP:
  • Goals and associated timelines;
  • Assist the participant in developing independence and create community connections;
  • Help develop new skills and improve existing skills;
  • Help create a road map for successful community reintegration.
## Housing Components

<table>
<thead>
<tr>
<th>Component</th>
<th>Activities</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Transitional Housing/Rapid Re-Housing</strong></td>
<td>Joint Housing Component allows for discharge from an institution into a supportive environment while income and/or employment are identified for transition to permanent housing.</td>
</tr>
<tr>
<td><strong>Rapid Re-Housing</strong></td>
<td>Provides short and medium term rental assistance with housing-based services to transition participants into housing as quickly as possible. Under this program the participant is the lease holder with all the rights and responsibilities of being a tenant.</td>
</tr>
</tbody>
</table>
Homeless Management Info System (HMIS) and Tracking Services

- All participants will be enrolled in HMIS.
- Providers track services in HMIS.
- Valuable data collection to analyze outcomes.
- Ability to see what support was offered.
## Referrals to Supportive Housing Program

### Number of clients referred
- **Good Samaritan Shelter (GSS)**: 81
- **The Salvation Army (TSA)**: 82
- **Total**: 163

### Number of clients entered
- **Good Samaritan Shelter (GSS)**: 58 (72%)
- **The Salvation Army (TSA)**: 58 (71%)
- **Total**: 116 (71%)
Self Reported Disabling Conditions
