

Community Corrections Partnership (CCP) Realignment Planning Workgroup

Meeting Agenda
November 17, 2021
9:00 am – 11:00 am

<https://countyofsb.zoom.us/j/98220957378?pwd=WjMxcCt0MDRMU2t5ZGpWbHF3enpxQT09>

1 (213) 338-8477

Meeting ID: 982 2095 7378
Passcode: 187448

IMPORTANT NOTICE REGARDING PUBLIC PARTICIPATION

The California State Legislature recently passed, and the Governor signed, Assembly Bill (AB) 361, which amends the Government Code to allow Brown Act bodies to continue to meet remotely after September 30, 2021, if there is a proclaimed state of emergency and the State or local officials recommend measures to promote social distancing. Based on the proclaimed state of emergency and the Santa Barbara County Public Health Officer's recommended measures to promote social distancing in order to slow the spread of COVID-19, the Community Corrections Partnership (CCP) and CCP Workgroup meetings will not provide in person participation.

The following alternative methods of participation are available to the public. If you wish to make a general public comment or to comment on a specific agenda item, the following methods are available:

- Distribution to the CCP and CCP Workgroup - Submit your comment via email prior to 5 p.m. on the Tuesday before the CCP Workgroup meeting. Please submit your comment to lstewar@countyofsb.org. Your comment will be placed into the record and distributed appropriately.
- Participation via Zoom or by Telephone;

Unless otherwise directed by the Chair, CCP and CCP Workgroup rules on hearings and public comment remain applicable to each of the participation methods listed above.

- I. **Call to Order and Introductions** – Deputy Chief Probation Officer (DCPO) Holly Benton
- II. **Reconsider the Circumstances of the COVID-19 State of Emergency** – DCPO Holly Benton
Receive a review of the legislation and requirements to continue to allow Brown Act meetings to be held virtually.
 - a. Reconsider the circumstances of the COVID-19 state of emergency;
 - b. Consider whether State or local officials continue to impose or recommend measures to promote social distancing;
 - c. Find that the CCP and Workgroup of the CCP has reconsidered the circumstances of the state of emergency, and that the State or local officials continue to impose or recommend measures to promote social distancing; and
 - d. Direct staff to continue to notice and hold hearings as remote hearings consistent with Government Code § 54953(e)(3).

Vote Required.

- III. **Approval of Minutes** – All
Voting Item.

Community Corrections Partnership (CCP) Realignment Planning Workgroup

Meeting Agenda
November 17, 2021
9:00 am – 11:00 am

<https://countyofsb.zoom.us/j/98220957378?pwd=WjMxcCt0MDRMU2t5ZGpWbHF3enpxQT09>

1 (213) 338-8477

Meeting ID: 982 2095 7378
Passcode: 187448

IV. **Comments from the Chair** – DCPO Holly Benton

V. **Fiscal Year (FY) 2022-23 Realignment Planning Process** – DCPO Holly Benton

Review Realignment goals and objectives, overview of budget forecast, and priority setting and planning discussion specific to FY2022-23 budget proposal development. An update will be provided on the items below:

- Pretrial Services – Probation
- Holistic Defense – Public Defender **This item will be carried over to December*
- Treatment and Psychiatric Services – Probation and Behavioral Wellness
- Sheriff's Treatment Program – SBSO

Information Only.

VI. **Racial and Ethnic Equity and Inclusion (REEI) Subcommittee Survey** – Ethan Bertrand

Goal 5 of the 2021-22 Public Safety Realignment Plan is to "Support a systemic approach to studying and addressing racial and ethnic disparities in the justice system." One stated objective of this goal is to solicit input from justice-involved clients and/or victims on the challenges faced and receive feedback on treatment within the criminal justice system. Receive an update on survey creation and launch.

Information Only.

VII. **Crestwood MHRC Pilot Program** – Behavioral Wellness Acting Director Pam Fisher and DCPO Holly Benton

Receive an update on MHRC Subcommittee discussions regarding the Crestwood MHRC Pilot Program and data needs for determining next steps and a timeline for further options and funding related to MHRC forensic beds.

Information Only.

VIII. **Felony Diversion** – Chief Deputy DA John Savrnoch

Receive an update on pre-arraignment felony diversion efforts.

Information Only.

IX. **New/Expanded Program Updates**

Receive an update regarding progress in implementation efforts for newly-funded/expanded programs or identified programs of interest approved in the FY2021-2022 Realignment Plan.

- **Neighborhood Court Pilot Program** – Chief Deputy District Attorney Mag Nicola
- **Edovo Tablet Program** – Chief Custody Deputy Vincent Wasilewski

Information Only.

Community Corrections Partnership (CCP) Realignment Planning Workgroup

Meeting Agenda
November 17, 2021
9:00 am – 11:00 am

<https://countyofsb.zoom.us/j/98220957378?pwd=WjMxcCt0MDRMU2t5ZGpWbHF3enpxQT09>

1 (213) 338-8477

Meeting ID: 982 2095 7378
Passcode: 187448

- X. **Criminal Justice Funding Opportunities** – DCPO Holly Benton
*Receive information on prospective submissions for funding opportunities.
Information Only.*
- XI. **Criminal Justice Funding Updates** – DCPO Holly Benton
Receive status updates on previously submitted funding proposals.
- **Prison to Employment Initiative** – Workforce Development Board Executive Director Ray McDonald
 - **Pathway Home Grant** – Workforce Development Board Executive Director Ray McDonald
 - **DSH Diversion (AB1810)** - Department of Behavioral Wellness
 - **CREDO 47** – Public Defender Tracy Macuga
 - **COVID Relief Grant** – Department of Behavioral Wellness and Sheriff's Office
- Information Only.*
- XII. **Public Comment - All**
Three (3) minutes per commentator, not to exceed a total of fifteen (15) minutes.
- XIII. **Confirm Next Meeting for December 15, 2021, at 9:00 a.m. and Adjourn** – DCPO Holly Benton

This agenda is subject to change up to 72 hours in advance of the meeting. Any changes will be posted at: 105 E. Anapamu, Santa Barbara; 511 E. Lakeside Pkwy Santa Maria; 401 E. Cypress St., Lompoc.

The Community Corrections Partnership is committed to ensuring equal access to its meetings. Anyone needing special accommodations due to a functional disability may request assistance prior to the meeting. Requests for disability-related modification or accommodation needed in order to participate in the meeting must be made by calling (805)882-3638 no later than two (2) full business days before the start of the meeting.

Writings that are a public record under California Government Code section 54957.5, subdivision (a), and that relate to an agenda item for open session of a regular meeting of the Community Corrections Partnership and all writings that are distributed to a majority of the members of the Community Corrections Partnership less than 72 hours prior to that meeting shall be available for public inspection at 2121 S. Centerpointe Parkway, Santa Maria, California, and also on the Santa Barbara County Probation Department website at: <http://www.countyofsb.org/probation/ccp.sbc>

Community Corrections Partnership (CCP) Realignment Planning Workgroup

Meeting Minutes
October 27, 2021

Zoom

CCP Realignment Planning Workgroup Members in Attendance:

Holly Benton, Deputy Chief Probation Officer – Santa Barbara County Probation Department, Chair

Ethan Bertrand, 2nd District Representative

Angela Braun for **Darrel Parker**, Court Executive Officer – Santa Barbara County Superior Court

Michael Cash, Chief of Police – Guadalupe Police Department

Paul Clementi, Principal Analyst – County of Santa Barbara County Executive Office

Pam Fisher, Ph.D., Acting Director – Santa Barbara County Department of Behavioral Wellness

Tracy Macuga, Public Defender – Santa Barbara County Public Defender's Office

Ray McDonald, Executive Director – Santa Barbara County Workforce Development Board

Mag Nicola, Chief Deputy District Attorney – Santa Barbara County District Attorney's Office

Vincent Wasilewski, Chief Custody Deputy – Santa Barbara Sheriff's Office (SBSO)

Members Absent:

None

Staff and Other Attendees:

Albers, Kimberlee – Housing and Community Development

Budwani, Deepak – Public Defender's Office

Brooks, Dulce – SBSO

Cross, Spencer – Probation Department

Gibbs, Lynne – National Alliance on Mental Illness

Grossini, Jason – SBSO

Kyle-Griffiths, La Mer – Public Defender

Lozada, Eddie – Probation Department

Meza, Ben – Probation Department

Milligan, Karyn – Probation Department

Novatt, Maria – County Counsel

Ochoa, Alejandra – Probation Department

Ribeiro, Chris – Behavioral Wellness

Saafir, Emir – Probation Department

Sibley, Christina – Probation Department

Swanson, Brian – Probation Department

Walter, Lindsay – County Executive Office

Wooton-Raya, FayAnn – Behavioral Wellness

Zeitz, Laura – Behavioral Wellness

I. Call to Order – Deputy Chief Probation Officer (DCPO) Holly Benton

- The meeting was called to order at 9:02 a.m. attendees provided self-introductions and roll call was taken.

II. Brown Act Virtual Meeting Requirements – Maria Novatt

- Maria Novatt explained the updated Governor's legislation AB361 regarding Brown Act meetings. AB361 amended portions of the Brown Act to allow voting bodies the option to continue meeting remotely if certain conditions are met. There must be a declared state of emergency, and a local health official must recommend social distancing. If these conditions are met, voting bodies may decide to continue meeting remotely. If the desire is to remain virtual, the voting body must meet every 30 days and vote to continue virtually, as long as the state of emergency and local health order is in place.

- A motion was made by Mag Nicola and seconded by Paul Clementi to continue conducting Community Corrections Partnership Realignment Planning Workgroup (CCP Workgroup) meetings virtually.
 - A roll call vote was taken of the CCP Workgroup members present.
 - Ayes: 9
(Ethan Bertrand, Pam Fisher, Tracy Macuga, Ray McDonald, Paul Clementi, Mag Nicola, Angela Braun, Holly Benton, Vincent Wasilewski)
 - Nays: 0
 - Abstention: 1 (Michael Cash arrived late)

III. **Approval of Minutes** – All

- A motion was made by Mag Nicola and seconded by Vincent Wasilewski to approve the minutes of the September 22, 2021, Community Corrections Partnership Realignment Planning Workgroup (CCP Workgroup) meeting as submitted.
 - A roll call vote was taken of the CCP Workgroup members present.
 - Ayes: 9
(Ethan Bertrand, Pam Fisher, Tracy Macuga, Ray McDonald, Paul Clementi, Mag Nicola, Angela Braun, Holly Benton, Vincent Wasilewski)
 - Nays: 0
 - Abstention: 1 (Michael Cash arrived late)

IV. **Comments from the Chair** – DCPO Holly Benton

- No comments at this time.

V. **Fiscal Year (FY) 2022-23 Realignment Planning Process** – DCPO Holly Benton

- Community Response Team (CRT) Presentation – Lieutenant Grossini
 - A handout was provided and reviewed.
 - In October of 2020, the CRT went through a reboot to align its focus with the goals of the CCP. The team is now focused on client wellness, providing assistance and resources to the realigned population whenever possible, and using arrest or citation as a last resort. The CRT teams support local law enforcement and are deployed countywide as needed; they have successfully removed narcotics, firearms, and other weapons from the community.
 - From October 2020 through September 2021, CRT conducted 985 compliance checks, of which only 53 or 5% resulted in arrests. Last year, 592 compliance checks were conducted, and 77 or 13% resulted in arrests. Of the contacts made this year, 120 arrests were averted by getting clients back into programs or back into contact with their Probation Officer.
 - Tracy Macuga asked if the locations, charges, and demographics of contacts could be tracked. Lieutenant Grossini confirmed the charges and demographics can be made available but to date, locations have not been tracked. Tracy also asked if there has been a pattern seen with the 120 averted arrests. Manager Cross commented the Probation side of CRT tracks results of contacts, offender supports, and interventions. The majority of interventions have involved drugs or paraphernalia, and clients are taken to CREDO 47.
- Supportive Housing Presentation – Spencer Cross and Kimberlee Albers
 - Handouts were provided and reviewed.
 - The target population for supportive housing includes justice-involved individuals under community supervision by the Probation Department that are medium to high risk to recidivate and are exiting jail or prison without support and are ineligible for other types

of subsidized housing. These individuals may also present with some vulnerability such as mild to moderate mental health concerns, and those with substance abuse challenges.

○ Spencer shared two supportive housing success stories.

1. Client 1 arrived on April 7, 2021, having lived on the train tracks for years and struggling with addiction. Client 1 successfully completed program after three months, and through case management meetings created obtainable goals for housing, employment, and mental and physical health. He continues to attend outpatient groups, has accomplished his goals, and is receiving an emergency housing voucher.

2. Client 2 had a history of significant substance abuse, was in and out of prison, and was homeless at the time of entry into supportive housing. She has three children but due to drug use and incarceration no longer has custody. During an initial meeting with her case manager, created a service plan to help with goals of employment, sobriety, housing, reuniting with family, and probation requirements. Within two weeks, she accepted a part-time job; in a month, she was promoted to supervisor, and in three months, promoted to store manager. As part of her recovery, she attended group classes and created a relapse prevention plan that stresses healthy alternatives. Tools learned in these classes gave her the strength to rebuild her relationship with her children and father. After regular visitations and six months of program, she was able to move in with her children and father.

○ Tracy asked if this program has enough capacity to serve the community and how long clients typically stay in supportive housing. Kimberlee responded the goal is to retain clients for at least 120 days. The average length of stay is 76 days with the Salvation Army and 97 with Good Samaritan Shelter. Spencer commented the capacity for male beds in North County is low and clients do need to be diverted to other resources. Women's beds are harder to fill.

- Alternative Sentencing Programs and AB109 Population Presentation – Dulce Brooks
 - A handout was provided and reviewed.

VI. **Crestwood MHRC Pilot Program** – Dr. Pam Fisher and DCPO Holly Benton

- CCP held a discussion about the MHRC and Crestwood pilot program and the direction to take in the future. The CCP would like to determine if there is a need to continue the MHRC build and what data is being gathered for the two-bed pilot and for individuals in the jail who may be decompensating in custody. Additional items for discussion include if there is a need for continuing pilot treatment beds, are there enough clients to fill the beds, and is there a need for a larger facility in the future. Another subcommittee meeting will be held to continue this discussion and gather more data.

VII. **COVID Relief Grant** – FayAnn Wooton-Raya

- The goals for this program are to provide navigation services, transportation, and discharge planning. As of right now, it has been mainly implemented in South County as the North Branch Jail is still under construction. A budget modification was submitted to the State to change funding to help further CRT, stabilization centers, CREDO 47, and a new jail discharge pilot program to provide services such as PPE, food, beverages, socks, linkages to mental health services, and transportation. A request has also been made to obtain rapid COVID testing supplies for the jail.

VIII. **Felony Diversion** – Chief Deputy DA Mag Nicola

- The Center for Court Innovations (CCI) is tentatively scheduled for a site visit in December or January. After conducting a site visit and evaluation, CCI will be providing technical assistance with program implementation.

IX. **New/Expanded Program Updates**

- **Neighborhood Court Pilot Program** – Chief Deputy DA Mag Nicola
 - The name of the program will be changed to remove “Court” and the negative connotations that come with it. Right now local volunteers are being trained to assist with the program, and launch of the program is targeted for the first quarter of the 2022 calendar year.
- **Edovo Tablet Program** – Chief Custody Deputy Vincent Wasilewski
 - 40 additional tablets have been funded through the American Rescue Plan Act (ARPA). This funding is going to the BOS for final approval. SBSO hopes to include these 40 additional tablets in CCP fund requests for the following year.

X. **Criminal Justice Funding Opportunities** – DCPO Holly Benton

- Ray McDonald mentioned his team is having early discussions with the LPBC for a possible grant application to work with the youth population. More information will be available at the next meeting.

XI. **Criminal Justice Funding Updates**

- **Prison to Employment (P2E) Initiative** – Workforce Development Board Executive Director Ray McDonald
 - Additional funding will be received but currently waiting for information from the State as to when and how that funding will kick in. The program has been moving smoothly and is coming to the end of the first phase.
- **Pathway Home Grant** – Workforce Development Board Executive Director Ray McDonald
 - Pathway Home is a national grant in partnership with SBSO, Good Sam, AHC, SBCC, and more. It is still in the development phase prior to implementation anticipated for January. The grant will serve both South and North County Jails. This will be taken to the BOS in December for final approval and will run for approximately two years.
- **Department of State Hospitals (DSH) Diversion (AB1810)** – Department of Behavioral Wellness Director Dr. Fisher
 - Six clients have been served; one client is being assessed for eligibility. Currently there are three active clients, one in Life House and scheduled to move into West Cox once open. The other two active clients are doing well and three clients have been discharged. Two clients graduated and one finished his 30 days but exited early. DSH indicated counties may apply for additional funding with no match needed; BeWell is working on this application for an additional year of funding for four more clients.
- **CREDO 47** – Deepak Budwani
 - Resource Development Associates (RDA) is working on an evaluation of current data. Data that is coming out that breaks out various entry points for pre-arrests. From March 2020, to February 2021, 167 individuals were served as part of the pre-arrest co-response team; out of those, 74% were diverted. Data will be brought to CCP once the evaluation is finalized. In the one-year period, more than 500 individuals have been served with this program.

XII. **Public Comment** – All

- No public comments.

XIII. Confirm Next Meeting for November 17, 2021, at 9:00 a.m. and Adjourn – DCPO Holly Benton

Respectfully submitted by Lesley Stewart, Administrative Office Professional Senior

Item V
Pretrial Services

Community Corrections Partnership

Realignment Implementation Planning Workgroup – November 27, 2021

Santa Barbara County Probation Department Pretrial Supervision

Santa Barbara Pretrial Supervision Funding

The Pretrial Supervised Release Program was funded by CCP in fiscal year (FY) 2017-2018 and was implemented in July 2017 with the first of two (2) Deputy Probation Officers identified as Pretrial Compliance Officers (PTCO) appointed.

In FY 2018-2019, the Realignment Plan was revised to include the elevation of the second PTCO to a Senior DPO classification to provide administrative support which included; assisting with the development and implementation of policies and protocols and providing a lead DPO in the PTCO classification. Due to an increase of defendants being released on pretrial supervision and other projected bail reform measures, two (2) additional DPO positions were added.

In FY 2019-2020, the Board of Supervisors approved funding for an additional two (2) PTCO positions, through general fund allocations, which increased the number to six (6) Pre-trial Compliance Officers countywide.

In FY 2021-22, CCP funds were allocated for one (1) Sr. DPO and three (3) DPOs

Duties and Responsibilities

PTCOs are responsible for the supervision of defendants released on supervised release according to their risk level, installation and monitoring of Global Position Satellite (GPS), responding to SCRAM violations/tampers and completion of pre-trial supervision progress reports and violation reports.

Population Served

During FY 2020-2021 a total of 780 defendants entered Pretrial Supervision (PTS) of which 752 completed the program with a majority being successful (74%). Four hundred and fifty nine (459) were assessed by the Virginia Pretrial Risk Assessment Instrument-Revised (VPRAI-R). Over half of the clients released on PTS were supervised for 90 or more days. In comparison, to the previous year (FY 2019-2020), 574 defendants entered PTS. The number of defendants on pretrial has increased substantially and it is projected to continue to increase into the next Fiscal Year. The current allocation of staff cannot adequately supervise the amount of defendants assigned to Pretrial Supervision.

Pretrial Assessment

In January of 2020, the Santa Barbara County Probation Department assumed responsibility of the Pretrial Assessment Unit from the Santa Barbara Superior Court. The unit consists of a Supervisor, a Sr. Deputy Probation Officer, and eleven Pretrial Supervision Specialists (PTSS). The PTSS utilize the VPRAI-R to assist in the investigation and evaluation of a defendant's risk level of failing to appear in court and reoffend while on pretrial release, while maintaining the presumption of innocence, and providing protection to the public. The Pretrial Assessment Unit assesses defendants 7-days a week and completes reports for their first scheduled arraignment, providing the Courts with information to assist with release decisions based on evaluated risks. The PTSS may refer defendants to the Mental Health Navigators if Pretrial Supervision is being recommended. Currently, the CCP does not fund any Pretrial Assessment staff and this is for information only.

Mental Health Navigators (MHN)

In July of 2019, the Judicial Council of California awarded the Santa Barbara County Superior Court a grant to expand the Santa Barbara County Pretrial Program for the period of August 1, 2019, through December 31, 2021. In an effort to increase the safe and efficient release of arrested individuals with mental health challenges on Pretrial Supervision, two MHN positions were funded. The MHN positions were designed to initiate contact with individuals early on in the criminal justice process to provide service coordination in an effort to facilitate release on pretrial supervision pending criminal

proceedings resolution. The MHNs attend court hearings on designated individuals to provide information to the Court on progress during the program or to advise of discharge planning details. A key component to the MHN position is the “warm hand off” of individuals granted supervised pretrial release to services providers. This service is bolstered by the ability of the MHN to provide transportation to mental health services appointments and/or to obtain medications as appropriate. The MHN positions follow up with mental health services providers, provide updates at subsequent court hearings, as needed, and accompany individuals to subsequent court dates. The MHN position links resources together and serve as a key influence in the success of the individual while on pretrial supervision. As the Judicial Council of California grant has expired, it is recommended that the CCP approve the funding of two positions to continue the previously outlined supportive services to the pretrial population. However, it is also recommended the positions not be limited in their scope to mental health clients and will be renamed, Pretrial Services Navigators (PSN), to allow them to assist with other clients with vulnerabilities or other acute needs.

Recommendation for FY 2022-2023

For FY 2022-2023, it is requested to fund two additional Deputy Probation Officers, one of which will be a Sr. DPO, to supervise the pretrial population. Also included in the proposed budget is the increase to costs of existing staff due to projected salary increases.

In Addition, is requested that budget enhancements be made to fund two Pretrial Service Navigators (PSN).

Lastly, commensurate with the large increase in pretrial clients related service budget increases are being requested for SCRAM, STOP (GPS), and software licenses as included in the proposed FY 2022-2023 budget noted below.

Public Safety Realignment Act Budget

FY 2022-2023 Estimate

	<u>FY 2021-2022 Adopted</u>	<u>FY 2022-2023 Estimate</u>
PRETRIAL SERVICES		
DPO Sr (2 FTE)	178,294	356,612
DPO (4 FTE)	457,652	621,540
<u>Supervision Services and Supplies</u>		
Pretrial Services Navigator (2 Positions)	-	192,564
Software Licenses/Maintenance	25,000	40,000
STOP	25,000	90,000
SCRAM	75,000	330,000
Subtotal Supervision Services and Supplies:	<u>125,000</u>	<u>652,564</u>
Assessment Services and Supplies	<u>53,441</u>	<u>53,441</u>
Total Pretrial Services:	<u>814,387</u>	<u>1,684,157</u>

NOTE: FY 2022-2023 Salary Model was provided by the Auditor-Controller's Office during the recent 5-Year Forecast Budget cycle.

MENTAL HEALTH NAVIGATOR

The Mental Health Navigator coordinates the connection of individuals to mental health service providers, including providing or coordinating transportation to mental health services appointments and/or to obtain medications, as appropriate. The navigator also conducts follow up with mental health services providers, shares updates at subsequent court hearings, and accompanies clients to subsequent court dates.

Item V
Treatment and Psychiatric
Services

Community Corrections Partnership

Realignment Implementation Planning Workgroup – November 17, 2021

Reentry Services

Successful reentry is built upon appropriate treatment dosage of evidence-based treatment modalities. In effort to support clients and prepare them for successful reintegration back into the community, the reentry planning process begins with an evidence-based risk/needs assessment. The results of the assessment drive the subsequent case planning efforts which focuses on matching programming options to the client's risk and needs. The Probation Department's Probation Report and Resource Center (PRRC) provides a variety of services accessible for justice involved individuals to assist them with reentry into the community.

The Santa Barbara County PRRCs provide a central location for help and assistance with centers located in Santa Barbara and Santa Maria. The PRRCs deliver community based treatment interventions to assist justice-involved individuals to get back on track in their lives and within their communities. PRRCs provide direct, hands-on interventions to assist clients who need help with job development and placement, housing, substance abuse, cognitive behavioral treatment and trauma informed care. Additionally, for individuals residing in the Lompoc area that do not have transportation to Santa Maria PRRC, similar program options are provided through local CBOs. The funding provided by Realignment allows for the operation of the PRRCs and the contracts necessary to provide the services and interventions of CBOs.

The Probation Department is not requesting any budget modifications or enhancements for the next FY budget;

Below is a comprehensive list of all the programs offered at the PRRCs and within the Lompoc community.

Substance Abuse

- **Moral Reconciliation Therapy (MRT):** MRT is an evidence-based, cognitive behavioral treatment (CBT) program focused on substance abuse that targets recidivism reduction and designed to facilitate the development of higher stages of moral reasoning.
- **Recovery Oriented System of Care (ROSC):** ROSC is a secular, peer-driven support group for clients with substance abuse issues, and similar to a 12 Step program.

Employment

- **Work And Gain Economic Self Sufficiency (WAGE\$\$):** WAGE\$\$ is designed to assist unemployed or under-employed clients. Participants will learn job-seeking skills and interview techniques with a focus on how to answer questions regarding criminal conviction(s) in both the application and interview process. Clients will learn what to wear for job interviews and where to look for employment. Each participant is required to complete a resume.
- **ServSafe Food Handlers Certification:** All persons handling food are required by the State of California to possess a Food Handlers Certification Card. To aid clients in obtaining employment in the food service and hospitality industry, a Food Handlers Certification card will be provided upon successful completion of instruction.
- **Subsidized Employment:** For clients with significant challenges in obtaining employment, coordination of job placement is provided with designated employers who are reimbursed for up to 30 calendar days of wages after a client is hired.

- **Drop-in Employment:** Clients can utilize computers for online job searches, check posted classifieds and get assistance completing and sending job applications and resumes. Assistance with completing application forms such as SSI, CDL/CA ID forms is also available. Available Monday thru Friday during program hours.

Trauma Informed Care

- **Seeking Safety:** Seeking Safety is a gender specific, evidence-based recovery support service for clients with a history of trauma and/or substance abuse. Classes are available for realigned clients only.

Enhanced Case Management

- **Re-Entry Navigation:** For medium and high-risk offenders with extensive challenges and barriers, enhanced case management is provided to mentor clients as they gain the necessary skills, confidence and direction to overcome life's obstacles. Intervention Specialists may use *Interactive Journaling*® Courage To Change, with the client as a resource tool, as listed below.

Cognitive Behavior Therapy

- **Reasoning and Rehabilitation (R&R):** R&R is an evidence-based cognitive behavioral program designed to teach impulse control, problem solving techniques and systematic thinking with a move towards more empathetic behavior in a social environment.
- **Courage To Change *Interactive Journaling*® System** is an evidenced-based case management model developed in collaboration with several US Probation offices. Through the use of this cognitive-behavioral *Interactive Journaling*® System and interaction with their support team, clients address their individual problem areas based on a criminogenic risk and needs assessment.

Housing Assistance / Life Skills / Education

- **AmeriCorps:** In partnership with United Way, AmeriCorps staff are located at the PRRCs to provide engagement and outreach to justice-involved individuals experiencing homelessness or at risk of being homeless in an effort to address barriers to residential stability. In collaboration with The Central Coast Collaborative on Housing (C3H) and Common Ground, staff conduct one-on-one interactions with referred individuals and assist them with engaging in the larger care continuum, and work to obtain shelter and benefits. AmeriCorps staff conduct intakes, assessments, and case plans utilizing the VI-SPDAT, a combination of two tools – the Vulnerability Index (VI) survey and the Service Prioritization Decision Assistance Tool (SPDAT) to determine the chronicity and medical vulnerability of homeless persons. Clients at-risk or experiencing homelessness are assessed and given assistance in overcoming housing barriers including advocating for or referrals to resources that produce the income required to obtain housing. This ranges from County Social Services or Federal Social Security, completing applications to CSL homes, the Housing Authority Section 8 voucher program, Coast Valley deposit assistance, City of Lompoc deposit assistance, or rapid re-housing rental assistance. Additionally, referrals to Allan Hancock College BIGE Club for continued education/skill training, SEE International for free eye exam and glasses. Assistance in navigating the legal system for dismissal of convictions, felony reduction, or early termination of probation.
- **Drop-in Education:** Clients are given information regarding how to obtain their GED and on Santa Barbara City College (SBCC) and Allan Hancock College enrollment. Participants can utilize computers for online enrollment and to view class schedules. Clients are encouraged to utilize computers for completing homework and online assignments requiring internet connection.

Treatment

- **Sex Offender Treatment:** An interdisciplinary offender management model known as the “Containment Model Approach” is utilized. The underlying philosophy of the Containment Model Approach is that management of sexual offenders must be victim-focused and that each sexual crime has significant potential for immediate and chronic harm to direct victims, their families, and the community. This approach reflects a specific, case-by-case strategy that includes a consistent multi-agency philosophy focused on community and victim safety, and a coordinated individualized case management and control plan. Case

management consists of three (3) inter-related, mutually enhancing activities. A multi-disciplinary case management team meets on a monthly basis to monitor each offender's progress. These include: (1) community supervision approaches that are specific to each offender's individual "offending behaviors", (2) specialized sex offender treatment, and (3) polygraph examinations to determine pre-conviction sexual behaviors and compliance with terms and conditions of probation.

- **Short-term Residential Alcohol & Other Drug Treatment Program:** This is a 14- to 30-day intensive residential treatment program. Participants receive individual and group therapy, in addition to mindfulness training to aid in stress management and relapse prevention. Discharge planning begins at intake and each client participates in an exit planning counseling session where long-term recovery options are explored and discussed to provide an accurate referral conducive to a clean and sober lifestyle.
- **Mental Health Screening and Treatment Program:** A psychiatrist and psychiatric technician, co-located at the PRRCs, provide a full range of psychiatric services for Post Release Community Supervision (PRCS) offenders leaving state prison, including assessment, medication management, case management, and direct communication links with Probation. Monthly case management/treatment team meetings are held with Deputy Probation Officers and mental health staff to discuss difficult cases. All levels of care are available to this population including access to inpatient services, medications, and high intensity services such as Assertive Community Care, when required. All services and medication are offset by any eligible Medi-Cal reimbursements.
- **Batterer's Intervention Program:** This 26-week treatment program is mandated by California state law for individuals convicted of acts constituting domestic violence. The focus of the program is preventing physical, sexual, and psychologically violent behaviors. Ongoing family safety is the primary concern with every client. Clients are assisted in developing more adaptive ways to solve conflict, communicate, and manage stress. Psychodynamic and psycho-educational approaches help the clients learn to challenge their underlying beliefs and assumptions, gain awareness of the impacts their actions have on others, and to take control of those actions and effectively regulate their emotions.

ADDITIONAL REENTRY SERVICES

- **Secure Continuous Remote Alcohol Monitoring (SCRAM):** SCRAM provides continuous alcohol monitoring for Realigned offenders that are ordered to abstain from the use of alcohol as a condition of supervision. SCRAM can also provide a viable alternative solution to jail.
- **Global Positioning System (GPS):** Upon release from custodial settings or in response to a need for increased accountability, justice-involved individuals are placed under a global navigation monitoring satellite system that provides geolocation and time information.
- **Community Engagement:** In partnership with a community-based organization, this staff member will capture public input on program development and justice system reform efforts, conduct outreach and increase awareness of the challenges facing the formerly incarcerated. This includes identifying gaps of meaningful and useable resources as well as creating forums to provide the community information around the goals of the CCP and local Realignment Plan. Some additional objectives include mobilizing community members, families, advocates, faith-based organizations, formerly justice-involved, treatment and service

providers and also build relationships with established stakeholders, neighborhood associations, and identify and engage new stakeholders.

Sober Living, Withdrawal Management, Transitional Housing, Brick and Mortar

A common obstacle facing individuals just released from jail or State Prison is often housing. Being transient can create a situation wherein it is difficult to remain clean and sober, find employment or engage in reentry services. The Community Corrections Partnership has focused on a multi-dimensional approach to offer options for housing, including sober living, transitional housing and a brick and mortar project.

Sober Living Homes

Securing a sober living environment can be challenging for individuals exiting jail or prison. Subsidized sober living residences develop and utilize individualized case plans to assist in guiding and directing the offenders in activities designed to move them towards self-sufficiency. Many of the sober living facilities participate in monthly regional wrap around treatment team meetings, with probation and treatment personnel.

From July 1, 2020 through June 30, 2021, 106 placements were made to sober living housing. Of the housing options, 27 were placed in Coast Valley homes, 24 at Good Samaritan homes, 19 at PATH, 8 at Salvation Army Hospitality House, 15 at Stalwart, and 13 at Willbridge.

Withdrawal Management

Withdrawal management programs are available for individuals requesting assistance with withdrawal often in lieu of booking into the jail. These clients may not qualify through an Access line referral or there may not be a county bed availability. These programs utilize a 14-day, social model management program. Clients attend daily 12-Step meetings, participate in two (2) early recovery groups, and receive individual counseling and discharge planning. Through early recovery group processes, clients are taught to increase their self-awareness concerning substance dependence and abuse. Topics include: coping skills, high-risk situations and triggers, positive affirmations, self-esteem, stress management, relapse prevention, and introduction to the 12 Steps.

Supportive Transitional Housing

Good Samaritan Shelter and The Salvation Army Santa Barbara Hospitality House provide transitional housing beds for medium to high risk justice involved individuals with multiple areas of vulnerability such as; mild to moderate mental health challenges, substance abuse challenges, and those individuals who are faced with re-entry after lengthy incarceration without natural supports available for housing assistance and who are subject to community supervision by the Santa Barbara County Probation Department. Enrolled participants are assigned a case manager that works closely with them to identify and resolve barriers to obtaining and maintaining housing, including transportation to appointments and treatment. The programs connect participants to appropriate support services available in the community to foster long-term housing stability. During their participation, the programs use a standard assessment to determine type, duration, and amount of assistance offered and identify the availability of other resources or support systems to resolve housing challenges. The ultimate goal is to foster self-sufficiency for independent living. Additional information and statistics were presented to the CCP workgroup on October 24, 2021.

Total Housing Specialists	10,000	10,000

Brick and Mortar Housing Development

The Community Corrections partnership previously allocated up to \$1.65 million of one-time reserve funds to Sanctuary Centers for the development or rehabilitation of "Brick and Mortar" supportive housing for high to medium risk justice-involved individuals subject to community supervision by the Probation Department. The housing development will provide studio and one bedroom permanent supportive housing units to the target population.

Sanctuary Centers will use the 1.65 million to augment the \$13 million housing project to be constructed at 115 W. Anapamu. The project is currently in the development stage with construction scheduled to begin in May / June 2022. The projected completion date for the Brick and Mortar Housing development is August 2023.

- Behavioral Wellness AoD Programs	217,473	18,063
- Behavioral Wellness Inpatient Program	81,597	-
- Non-Behavioral Wellness Inpatient Services	-	-
- Medi-Cal Revenue Offset (see note)	(230,831)	(26,062)
- Services/Supplies & Other Charges	30,975	15,080
Total Non AB 109 Clinic Operations	\$ 210,129	\$ 45,538
Total Operational Costs	\$ 486,555	\$ 114,292

NOTE: Medi-Cal payments are delayed up to 180 days from the month of service - we anticipate additional FY 2020/21 to be received, and credited to FY2020/21 services

Requested FY 2022-2023 BUDGET

		FY 2021-22 Adpoted		FY 2022-23 Recommended		Difference
Staffing	FTE		FTE			
Psychiatrist	0.25	\$ 98,683	0.25	\$ 100,657 *		1,974
Psychiatric Technician II	1.00	\$ 122,147	1.00	\$ 134,983 **		12,836
Practitioner II	0.25	\$ 36,846	0.25	\$ 37,951 **		1,105
	1.50	\$ 257,676	1.50	\$ 273,591		15,915
Indirect						
¹ Administrative Rate (15%)	FY21-22	\$ 38,652				
¹ Administrative Rate (13%)	FY22-23			\$ 35,567		(3,085)
Other						
² Additional Mental Health Services		\$ 190,129		\$ 190,129		-
Mental Health Rehabilitation Center		\$ 1,103,665		\$ 1,103,665		-
Total:		\$ 1,590,122		\$ 1,602,952		12,830

Notes:

- 1 The indirect rate is calculated at 15% and 13%, respectively, of total staffing and reimburses BWELL for overhead costs.
- 2 This represents additional services provided to AB109 clients through other BWELL Mental Health and ODS Outpatient clinics, as well as Mental Health Inpatient services. The cost of these services are offset by Medi-Cal Revenue received by BWELL.
- * Per the respective MOUs, a COLA will be implemented next fiscal year at 2% for Psychiatrist positions.
- ** Per the respective MOUs, a COLA has been implemented FY21-22 at 3% for Santa Barbara County Staff positions
